PROFESSIONAL SUMMARY

Final-year Computer Science & Engineering student with a strong foundation in Cloud Computing, Networking, and Software Development. Experienced in developing practical technology solutions through academic and personal projects, with exposure to AI-based applications. Skilled in Python and Java, eager to contribute to real-world technology solutions.

EDUCATION

B. Tech – Computer Science & Engineering — **Noida, Uttar Pradesh | Aug 2023 – Jun 2027**
Amity University Uttar Pradesh — *CGPA: 8.41/10*

Senior Secondary (Class XII) — **New Delhi, Delhi| Apr 2023**
Ramjas School Pusa Road — *Score: 72.4 %*

Secondary (Class X) — **New Delhi, Delhi| Apr 2021**
Ramjas School Pusa Road — *Score: 94 %*

EXPERIENCE

HR & Technical Development Intern — **May 2026 – July 2026**
SETU - The Startup School — *Remote*

- Assisted in end-to-end recruitment for **5 intern positions**, screening **200+ applications**, shortlisting and conducting 1-on-1 discussions with **30+ candidates**, and supporting the onboarding of selected interns.
- Collaborated with a **2-member team** to develop a recruitment platform, contributing to the **backend development** for connecting startups with students seeking internship and employment opportunities.

Tech Team Member — **Feb 2024 – Aug 2025**
Cloud & Cyber Security Club — *ASET, Amity University*

- Supported backend and technical operations for **5+ events**, reaching approximately **200–350 total participants**, and independently organized and delivered a bug bounty session attended by **60+ students**.
- Led the development and management of the club's official Discord server, growing the community from **0 to 100+ members** while overseeing its overall structure and management.

PROJECTS

Raja Plastic – Wholesale Catalogue Website (Live Client Project- *raja-plastic.vercel.app*) — **Aug 2026 – Present**

- Built a wholesale catalogue website for a client with **200+ products** using vanilla HTML, CSS and JavaScript, deliberately framework-free to keep it fast, low-maintenance and deployable to Vercel with a single push.
- Used Google Sheets and Drive as the data layer with a **6-page** Apps Script admin panel, so the client manages products without a developer; added global search, dark mode and an automated backup **every 2 days**.

SmartExam – AI-Based Handwritten Answer Evaluator — **May 2025 – July 2025**

- Built and tested a Streamlit-based Python application on **50+ handwritten answer sheets**, evaluating **5–10 questions per sheet** using Tesseract OCR and Sentence-BERT for semantic similarity scoring.
- Achieved approximately **80–90% evaluation accuracy for clearly written responses** and processed each answer sheet in **~30 seconds**, compared with **2–3 minutes for manual evaluation**; also automated score and CSV report generation.

SKILLS

- **Languages:** Python, Java, C/C++, SQL, Dart
- **Libraries/Tools:** Pandas, Matplotlib, SQL, Excel, Canva, Google Apps Script, Vercel, Git/Github
- **Cloud:** AWS (EC2, S3, IAM, VPC, CloudWatch, RDS, Lambda, CloudFront)
- **Coursework:** DSA, Operating Systems, Networking, DBMS

CERTIFICATIONS

- **AWS Certified Cloud Practitioner (CLF-C02)** | Amazon Web Services (AWS) — Online | **Jun 2026**
- **CCNA: Introduction to Networks** | Cisco Networking Academy — Online | **Dec 2025**
- **Ericsson Edge Academia Program 2025** | Ericsson — Online | **Sep 2025**
- **Python for Data Science** | NPTEL-SWAYAM (IIT Madras) — Online | **Feb 2024**
